

School Prospectus 2018/2019

"Denbigh Community Primary School is an
OUTSTANDING SCHOOL."

WELCOME TO YOU

We welcome you, your child and your family to our school community. Our staff and I are really looking forward to getting to know you all as your child travels on their journey through our school. We work together in our school as a real team, striving to make your child's experience the best it can be.

I passionately believe that children only get one chance at their education, and we strive to make sure that it is right for each and every child within our school.

In order to do this we believe it is important to work with you and your family.

By doing this we can ensure your child is happy, cared for and able to achieve their absolute potential. This is the basis of all that we aim to achieve.

We look forward to achieving even more throughout the time you and your family will be part of our school community.

We work hard to provide a varied and enriched experience for all our children. Through visitors, visits, outdoor learning and personalised learning we are able to motivate and encourage in depth learning.

At the core of all of our learning are our Learning Muscles. By encouraging and developing these learning muscles our young people, whatever their needs and abilities, are able to fulfil their potential and become independent, resilient and motivated learners, confident to go on and leave us at the end of their time with us.

We offer a range of extracurricular music, art, sports and residential experiences in addition to our rich and varied curriculum within school time. A number of subject areas are taught by subject specialists, for example PE and Music.

Our school was judged as **OUTSTANDING** in November 2013.

We were graded as outstanding in

- Achievement of pupils
- Quality of teaching
- Behaviour and safety
- Leadership and Management

Since then we work hard to maintain this achievement, and as result we have sustained attainment and progress in all key stages. Our children's behaviour and attitude to learning are excellent and we are very proud of them.

We pride ourselves on a stimulating learning environment and our outdoor provision. We ensure pupils are given high quality learning opportunities through OPAL play and learning outside the classroom work as well as Forest Schools experiences.

Our school team look forward to sharing this exciting journey with you over the next 7 or 8 years, as your child grows up and becomes a confident and mature learner and young person!

MESSAGE FROM THE CHAIR OF GOVERNORS

The Governing Body is a group of people who are involved in making decisions and planning the future of the school.

It consists of people who represent parents and children at the school.

- PARENT GOVERNORS
- STAFF GOVERNORS
- LEA GOVERNORS
- COMMUNITY GOVERNORS
- NORTH TYNESIDE LEARNING TRUST GOVERNORS

In addition, co-opted governors are people who may bring skills or experiences to the school, not found within the other governor groups. Co-opted governors do not have to have children at the school and do not have to work there.

Governors work on a voluntary basis, and are not paid for their duties. We currently hold at least three full Governing meetings a year. In addition to the full Governing Body meetings we also have committees that look at Curriculum, Standards of Achievement and Attainment, Premises, Finance and Staffing.

I would like to thank you for considering Denbigh Community Primary School for your child's education.

Carli Davison
Chair of Governors

GENERAL INFORMATION

Denbigh Community Primary School

Denbigh Avenue, Howdon, Wallsend NE28 0DS

Telephone: 0191 2622509, Fax: 0191 2637895

Email: denbighcommunity.primary@northtyneside.gov.uk

www.denbighps.org.uk

School Hours:

8.55am - 3:15pm

Nursery hours:

AM - 8.45am - 11.45am

PM - 12.30pm - 3.30pm

Main Area Served: Howdon

Number on Roll: 407 + 52 place Nursery (different children am/pm)

Worship

Our school has a Collective Worship Policy, Single Equality Scheme.

Admissions for pupils with physical disabilities

The Denbigh Community Primary School Single Equality Policy outlines steps we have taken to ensure pupils with physical disability have access to our school. Disability parking enables individuals' easy access to entry to the rear of the school.

DENBIGH COMMUNITY PRIMARY SCHOOL SAFEGUARDING TEAM

If you have any concerns about the safety or welfare of a child or family, please contact one of us, either in person or on 0191 2622509

Thank you

PASTORAL AND LEARNING

The Curriculum

All children at Denbigh Community Primary School are given equal access to a broad, balanced, relevant, challenging and differentiated curriculum. The main components of our curriculum are the Outstanding Foundation Stage Curriculum and the National Curriculum, which are drawn up by the Department for Education. In 2014, the new National Curriculum was implemented. All policy documents and more information regarding each of the individual subject areas can be found on the school website.

Wherever possible the learning that takes place within the classroom is supported by making the best possible use of our whole school site, the local community and specific educational visits. These include the opportunity to take part in residential trips.

Early Years Foundation Stage

Nursery Caterpillars, Reception Ladybirds and Butterflies

"Children in the Early Years Foundation Stage get off to an excellent start, as a result of the caring environment, very good teaching and the detailed knowledge all of the adults have of individual children's needs. As a result, they make very good progress from their below and often well below starting points."

Ofsted Report October 2013

The Foundation Stage offers a structured play topic based curriculum supporting children to learn through positive interaction. Reception and Nursery aged children work together in a large unit with three teachers and support staff.

The children work to achieve the 6 Early Learning Goals:

- Personal, Social and Emotional
- Communication, Language and Literacy
- Mathematical Development Knowledge and Understanding of the World
- Physical Development
- Creative Development

We take the curriculum outdoors and pupils spend equal time working outdoors and indoors.

We work to ensure that your child settles happily in Nursery and progresses confidently through Reception and on to Year 1.

Key Stage 1

Year 1 Pandas and Polar Bears

Year 2 Dinosaurs and Dragons

Year 1 is located next to the Early Years. This helps to ensure a streamlined transition from Early Years in to Year 1. The planning in Year 1 autumn term builds on and mirrors much of that foundation Reception, and evolves as children further develop their readiness for learning.

Key Stage 2

Year 3 Turtles and Lizards

Year 4 Giraffes and Elephants

Year 5 Dolphins and Whales

Year 6 Lions and Tigers

Our oldest children's learning is built on personalised interventions from Year 1 upwards. As children move through our upper phase they are encouraged to become increasingly independent, reflective and responsible for their own learning. Pupils build on their early responses to staff marking from Year 1 upwards, towards a more ongoing dialogue about their learning within Key Stage 2.

All staff work closely together to create a common ethos, with shared aims, values and routines. They plan their activities to ensure a wide variety of starting points for learning and to prevent duplication.

"Children are offered a broad and balanced curriculum that recognises different learning styles and caters for children of all abilities. Provision is enriched by regular visits to art galleries, museums, theatres and participation in scientific workshops and shows.

Teaching staff use The Primary National Strategy Frameworks and the National Curriculum as sources of reference for planning to provide stimulation and challenging lessons.

The progress of each pupil is carefully monitored using a vigorous tracking system. Children who experience difficulties are quickly identified so that appropriate learning support and intervention programmes can be provided.”
Ofsted Report October 2013

SATS

(Standard Assessment Tests) SATs are given at the end of Year 2, and Year 6. They are used to show your child’s progress compared with other children born in the same month. The mean (average) score for each age group on an assessment is set at 100 and the standard deviation at 15.

For any age group a given numerical value has the same meaning in terms of standing relative to the group. For example, an eight year old and a nine year old, each of whom has a standard age score of 105, have performed equally well in relation to the average for their respective age groups.

Key Stage 1 SATs

Pupils are assessed through internally marked tests in: Reading and Maths. They are assessed by Teacher Assessment in Writing. Children in Year 1 will also complete a National Phonics Test. Any children who does not pass this test in Year 1 are required to be re-tested in the Summer Term of Year 2.

Key Stage 1 Analysis

- Denbigh are broadly in-line with Local Authority and National for the percentage of children attaining the expected standard in Reading, Writing and Maths.
- Denbigh were above the National figure for the percentage of children attaining the expected standing in Maths.
- Denbigh were broadly in-line with National for the percentage of children attaining the greater depth standard in Reading, Writing and Maths.
- Denbigh were broadly in-line with Local Authority and National for the percentage of children attaining the expected standard in Phonics.

2017 Key Stage 1 Results

Year 1 Phonics Results		Expected Standard : 80%	
Year 2	Expected Standard	Higher Standard	
Reading:	75%	28%	
Writing:	65%	16%	
Maths:	77%	18%	

Key Stage 2 SATs

Pupils are assessed through externally marked tests in: Reading, English Grammar Punctuation and Spelling (GPS) and Maths. They are assessed by Teacher Assessment in Writing.

2017 Key Stage 2 SATs Results

Year 6	Expected Standard	Higher Standard	Average Scaled Score		Progress Score	
			DCPS	National	DCPS	Comparison with National Average
Reading	81%	34%	106	104.1	+3.00	Above approximately 10% of schools
Writing	83%	31%			+3.11	Above approximately 10% of schools
*SPAG	83%	31%				
Maths	86%	36%	107.8	104.2	4.75	Well above approximately 10% of schools

*SPAG Spelling, Punctuation and Grammar

Key Stage 2 Analysis

Denbigh are above the Local Authority and National figures for the percentage of children attaining the expected standard in Reading, Writing, Grammar, Punctuation and Spelling and Maths.

Denbigh are above the Local Authority and National figures for the Average Scaled Score in Reading and Maths.

Denbigh are above the Local Authority and National figures for the percentage of children attaining the expected standard in Reading, Writing, Grammar, Punctuation and Spelling and Maths.

Denbigh are above the Local Authority and National figures for the percentage of children attaining the greater depth standard in Reading, Writing, Punctuation and Spelling and Maths.

Denbigh are above the Local Authority and National figures for the percentage of disadvantaged children attaining the expected standard in Reading, Writing, Grammar, Punctuation and Spelling and Maths.

Denbigh are above the National figures for the percentage of SEND children attaining the expected standard in Reading, Writing and Maths.

ETHOS AND VALUES

How we learn building learning power

In our school we are passionate about developing children's independent learning as they mature and develop throughout our school. Everything we do is based on helping children achieve their potential.

Learning is structured to ensure that children develop an ability to learn effectively and are motivated to achieve. Rather than children being expected to simply listen to adults, compare tasks and then move on.

In our school children's individual needs determine the learning which is then planned for by staff. Children are taught how to engage pro-actively with their own learning by developing their 'learning power'.

Children are also taught how to be reflective and so become highly effective at engaging with marking through an ongoing dialogue with staff.

This dialogue and reflection then ensures maximum progress of all our children.

Learning in Early Years is scaffolded so that regardless of whether a child is undertaking an adult led task or child initiated task, the activities will be purposeful: to develop and extend each individual child's learning.

OUR LEARNING MUSCLES:

INQUISITIVE - Ask questions and enjoy exploring and investigating

RESILIENT - Determined, patient and focused....keeps on going when challenged

ADVENTUROUS - Willing to have a go and take a risk

IMAGINATIVE - Ingenious and looks for connections and links

RATIONAL - Methodical, analytical and sceptical (planners and hypothesizers)

REFLECTIVE - Self evaluative and look for links and transfers between learning

SOCIABLE - Good collaboration, listeners and empathisers

DENBIGH
COMMUNITY
PRIMARY SCHOOL

COMMUNICATION

At Denbigh Community Primary School we aim to communicate efficiently and effectively with our school community. There are now many different ways families can keep up to date with the school news on a daily basis.

www.denbighps.org.uk

Our Ofsted compliant website is our primary method of communication. All current school information can be found here: from the general day to day organisation to school policies. We aim to make this the first port of call for any information you need about school. Any home-school letters will be published on the website available to download, parents are alerted to new information on the website with a text. Each area of the school is represented with dedicated sections for Governors. A live school calendar can also be found there.

We maintain a private Facebook page where news from daily school activities, special events and future dates are published. Any updates to the website are shared here to enable us to direct parents to the most current information as quickly as possible.

Our website features a Twitter feed as an alternative Social Media channel. Any links to home-school letters will also be shared in this way.

Class Dojo Contact. This gives parents updates on their child's behaviour and motivation to learning in school. (Please note this is not a communication channel for parents to chat with staff).

Teachers2Parents

This service allows school to text parents and carers directly with any updates relating to information published on the website, specific class information or wider community news. (This service is for school use only, parents cannot reply).

LEARNING AND BEYOND

Our school is an accessible and inclusive school

We have a gymnasium connected directly to the main building and 2 large MUGAs for PE activities. There are two large play grounds and a school field with interactive play areas.

We have a wild life and growing garden with chickens, rabbits and guinea pigs.

Across the whole school site our classes are organised as far as possible to allow us to provide the smoothest transition we can from each year group and phase.

As well as making the widest possible use of our own site to foster learning in all environments we organise school trips to enhance the basic curriculum. These include visits to several different places of worship, local and national museums and residential trips to High Borrans Outdoor Activity Centre. We also offer an international curriculum, visit to Amsterdam and a Skiing trip to the French Alps.

We use the 'Thrive' approach in school to develop the building blocks to emotional resilience.

Children with English as an Additional Language

Some pupils come to school speaking a language other than English.

At Denbigh we recognise that being bilingual is a very valuable skill. The school works in partnership with the North Tyneside Ethnic Minority and Traveller Achievement Service (EMTAS) to ensure that pupils who are learning English as an Additional Language make the best possible progress with both, their English language skills and the curriculum.

Teachers for North Tyneside EMTAS support pupils in class across the curriculum, working in partnership with mainstream teachers.

When withdrawal of pupils from lessons is agreed to be necessary, it is used for a limited period and directed towards specific, curriculum related literacy targets.

North Tyneside EMTAS also help the school with finding interpreters and support staff to understand the need of the pupils from different cultural, linguistic and religious backgrounds.

Special Educational Needs

Children who experience learning difficulties are supported throughout school, in accordance with our Special Educational Needs Policy. It is the Ethos of the school that all pupils should have access to a broad and balanced curriculum, whatever their level of ability.

We aim to identify children with learning difficulties, as early as possible, providing them with differentiated work to suit their ability. Individual education plans are realistic targets. Pupils are monitored closely and regularly assessed to recognise and change in ability.

Small group and individual targeted intervention by teachers and teaching assistants not only to improve the children's academic ability, but to raise confidence and build self-esteem, intervention programmes in Literacy and numeracy also help pupils to make good progress in their learning.

Staff liaise closely with parents regarding any concerns and where necessary, involve outside agencies, such as speech and language therapy and educational psychology to aid and assist in the educational development of our children.

Opal Play

OPAL is a registered company dedicated to improving the quality of children's play opportunities, especially in primary schools. Since implementing OPAL throughout 2017-18, it has revolutionised our play here at Denbigh. The children are now being challenged both mentally and physically and the play is becoming increasingly more exciting and creative every day. The children have the opportunity to build dens and vehicles in the den building area. They have been making mud pies and other exquisite dishes in the mud kitchens. Children are able to dress up and role play their

favourite scenarios along with reading quietly on beanbags in our fairy tale cove or head over to the secret garden. We have sandpits available for the children to relax and occasionally disappear when they are buried by their friends. Tyres and other assault courses are used by the children to test their strength and agility, whilst our relaxing parasols and deck chairs are a chance for a breather after all of the fun. For the more musical children, they can create their own compositions using pots and pans on our musical wall. The amazing Denbighlandia has been installed on the field. Our children love the new opportunities that have been made available through OPAL play.

Nurture and the Thrive Approach

'Thrive'. Thrive is a specific way of working with all children that helps to develop their social and emotional well-being, enabling them to engage with life and learning. It supports them in becoming more self-assured, capable and adaptable.

The approach is done through whole school nurturing and whole class teaching. More specific targeted support is done through group work and 1:1 sessions in Nurture group. The aim of our group is to provide a flexible and preventative resource, which is responsive to the particular needs of the children attending our school. We support children emotionally and socially while encouraging good behaviour, enabling the child to access the curriculum and participate fully in school life.

We provide a secure and reliable environment where children can learn to behave appropriately, use their curiosity constructively, improve their self-esteem and develop confidence through close and trusting relationships with adults. For this to work effectively, we work in partnership with class teachers and parents to enable consistency of the approach, both at home and at school.

Our Nurture programme runs weekly throughout the school day. There are Nurture sessions, consisting of 1:1 sessions and group work. During the sessions the children do a range of activities which support crucial early developmental strands. Activities include playing games, listening and responding to stories, baking, arts and crafts, drama and looking after our school pets. The Invention Shed and Lego Dome are also used in group sessions. All children who attend Nurture Group thoroughly enjoy their time with us and can't wait until their next session.

ATTENDANCE, PUNCTUALITY AND SCHOOL HOLIDAYS

The importance of good attendance and punctuality cannot be over emphasised. The school celebrates and rewards good attendance and punctuality through class and individual awards. We discourage parents from taking children out of school for holidays in term time, as it is a disruption to their education. If you do choose to take your child on holiday you must apply in writing using the appropriate form, available from the school office.

Children arriving late to school can miss important instructions and they disrupt the work of the teacher and the other pupils in class. Unauthorised absences may lead to a Penalty notice or a summons being issued against you for irregular school attendance.

- If your child is absent, please contact school on the **First** day of absence. Without this contact the absence will be unauthorised.
- If your child has an attendance of 90% or below the local authority will label your child as a **Persistent Absentee** and you could be prosecuted.
- Children need to be ready to start school at 8.50 am. Parents whose children are repeatedly late could be prosecuted.

The majority of our children have excellent attendance and punctuality, and we are very proud of them. Excellent attendance and punctuality are rewarded by weekly certificates, stickers, postcards, termly class attendance winner party, and end of year medals.

We have an excellent partnership with parents to ensure that your child has the best attendance possible, so that they have the best chances at an excellent education.

NO HOLIDAYS will be authorised during term time (this is agreed with the governing body). There is no exception to this decision. If you do take your child on holiday through term time a fine will be issued to you from the Local Authority Education Welfare.

PARENTS AND SCHOOL LIFE

We believe children will be happy, secure and successful at school when they know that parents and teachers work together. The staff work hard to make Denbigh Community Primary School an open and friendly school that encourages this vital relationship, but we believe that we need your support and commitment to ensure each child thrives. We have a Home School Agreement that sets out everyone's responsibilities.

Choosing to send your child to our school means **agreeing to work in partnership with us and supporting our decisions** regarding homework, uniform, behaviour and attendance.

We ask that you support our expectations so we can enable all children to aspire to our aims as school: to be happy: to care and be cared for: to achieve.

Information sharing and Parents' Evenings

Throughout the year we aim to give parents quality information about their children's progress through a variety of approaches:

- Targets are set with the children each half term,
- In Autumn and Spring terms you will be invited to meet with your child's class teacher;
- We have Book Looks termly, another opportunity for parents to see their child's work and speak to staff.

We request that you support us and your child by attending all of these events.

Parents can make an appointment to see a class teacher at any time during the school year if they have specific issues they wish to discuss. An appointment can be made direct to the teacher or at the school office in person, by phone or by email.

Other information evenings relating to specific subjects will take place during the year, for example, including sessions on SAT assessments. There will also be specific sessions where parents will be invited to visit during the school day with classroom activities. In the past these have included maths, phonics, and a range of PSHCE sessions.

Reports

You will receive an annual report at the end of the academic year, in July.

- In Early years children's learning journals are shared
- Results of Teacher Assessments at the end of each Key Stage (Reception, Year 2 and Year 6) are reported to parents
- The Year 1 Phonics Assessment takes place in June, results are shared following this
- Year 6 SATs tests results are shared with families

School Houses

The school runs a house system for achievements and positive rewards as well as for team events like sports day. Children are allocated to one of four houses.

EMERALD: GREEN; DIAMOND: YELLOW; SAPHIRE: BLUE; RUBY: RED.

House captains are elected in Year 6 from children who have demonstrated high standards of behaviour in Year 5. House points are awarded each day for good work and good behaviour. Children collect Dojo praise points for excellent behaviour attendance and learning. The points are totalled each week.

Helping in school

We welcome the involvement of parents in all aspects of school life. Many parents and members of the community share their skills and time with pupils in classrooms, accompanying groups on educational visits, supporting clubs and attending assemblies and performances. We have an active Parent Teacher Association (PTA) who organise fund raising events for the school.

Home Learning

The school is grateful for the support parents can give in ensuring homework is completed regularly and to a high standard. We ensure that the match of homework is right, however, we acknowledge that for some families there is too much homework and for others not enough. Parents can contact the teacher if they have any questions about any homework that is set, or if they

feel the balance is not right. Homework should consolidate pupil learning that has taken place in school, as it is there to support learning in school. Home Learning is not designed to challenge pupils too much away from school, where a teacher is not there to guide and support. We expect all children to complete homework activities and are happy to support if asked. As completing homework is an expectation we will provide an opportunity during non-teaching time for uncompleted homework to be done.

Jewellery

We ask that children do not wear jewellery in school. However if ears are pierced, one pair of very small studs may be worn. Any watches or stud earrings are worn at your own risk and school is not liable for loss, damage or any injury as a result. During P.E lessons pupils must remove stud earrings.

Uniform

Here, at Denbigh we want to help our children feel proud to wear their school uniform. We believe uniform is more economical and practical and fosters a sense of belonging. We are happy to say that this policy is very well supported by all our parents. All badged and purple items are available to buy at Emblematic: Unit 26, North Tyne Industrial Estate, Longbenton, Newcastle upon Tyne, NE12 9SZ Telephone 0191 2701449, along with other school items including book bags.

SCHOOL UNIFORM	P.E KIT
Grey or black skirt, pinafore, or trousers Purple school jumper or cardigan White polo shirt Plain sensible socks Purple school fleece /coat Purple/Lilac gingham dress (summer option)	Black P.E shorts White polo top or white round neck T-shirt Trainers or Sandshoes
FOOTWEAR	
Children should wear sensible black shoes with low heels. If any shoes are felt to be unsuitable or with a heel children will be asked to put on sandshoes whilst at school. During the winter children are asked to change into normal school footwear if they come to school in winter boots that are not suitable for all day wear.	
IT IS ESSENTIAL THAT ALL CLOTHING AND EQUIPMENT IS NAMED.	

School Timetable

The focus of the morning session is Literacy and Numeracy.

We have a dedicated session on Key Basic Skills, which focuses on spelling, handwriting and mental mathematics.

Break lasts 15 minutes and a variety of toys and PE equipment is made available for children to use. We also have a Trim Trail and Outdoor Gym.

Lunch is in the main hall from 11.45am to 1.10pm.

Afternoon lessons consist of the other National Curriculum Foundation subjects like science, art, PE, ICT and music.

Extra-curricular provision

We have various after school clubs during the academic year. The aim is to let every child take part at some point throughout the year. The pupils take part in sports events, dance festivals and drama groups.

Gifted and Talented provision

Here at Denbigh we recognise the talents of all our children and we encourage and support our pupils to develop to the best of their ability.

We offer a wide range of enrichment activities both within the school day and out of hours. We make provision for local artists, musicians, dancers and ICT professionals to work with children talented in these areas of the curriculum and offer a broad range of classroom activities designed to stretch our more able pupils.

After school clubs provide a range of challenging experiences, and we attend specialist provision offered by the local authority.

Behaviour Policy

We aim to encourage children towards self-discipline and awareness of how their actions affect others. We use a positive approach, commenting on good as well as unacceptable behaviour. Within school we have policies in place which are fair and consistent and this results in a safe, orderly, and positive environment in which both children and teachers may flourish.

We will not tolerate bullying. We cannot always prevent a child, making a mistake by doing or saying something unkind. However children make mistakes and this is not bullying. We are proactive, trying to educate our children to make the right choices in the first place and seek to firmly put an end to any unacceptable behaviour or poor choices when someone does make a mistake.

Denbigh Community Primary School Golden Rules

I make people welcome

I do as I am asked

I take care of our building and its equipment

We have as positive ethos for learning

I have safe hands and feet

I am always kind and caring

I listen carefully

I move around school safely and quietly

School is a special place where children grow and learn

WHAT OUR CHILDREN THINK

- They (the teachers) find easy ways to do hard stuff.
- We are all friends like one family.
- When you are new to the school people surrounding you are very nice and make you feel welcome.
- You can be creative and flaunt your strongest points.
- The teachers are supportive and I feel safe.
- The teachers help you when you struggle... with anything.
- You can talk to the head.
- (You have a) good chance to excel.
- There's lots of after school clubs which are great.
- We like the school dinners and having big spaces to play on.
- We have enjoyable lessons where I learn in different ways.
- When I have felt unconfident with my work, the staff have helped me and I now feel better.
- There are fun things to do on the yard; we have pirate ships, giant sand pits and lots more good stuff.
- If you need help TA's and Teachers are always there.
- The school dinners are amazing and tasty.
- School makes you a better person and boosts your confidence.
- The teachers are fair.
- I like challenges in maths.
- I like how the displays look around the school.
- People come into school like scientists and bring real bugs in!
- We do loads of fun topics that change every half term.
- We go on really cool visits like the Discovery Museum.
- We have lovely children in school who all take care of each other.
- We go on loads of good trips.

Disclaimer

This booklet meets the requirements of the DFE circular 4/02 in respect of School Prospectuses. The information given in this booklet was prepared in April 2018 and was correct at the time of printing. It relates to the year commencing April 2018. It cannot be assumed that there will not be any changes in the information given in respect to subsequent school year.

IMAGINE

With all your mind

BELIEVE

With all your heart

ACHIEVE

With all your might!!

At Denbigh, we believe everyone should be happy, safe and ambitious to reach their learning potential.

We provide a fun, engaging and stimulating curriculum that ensures all pupils have the opportunity to do their very best.

We encourage resilience, collaboration, curiosity and self worth, providing everyone with the skills they need to fulfill their dreams.
