

Publication of Governor's Details and Register of Interests – 2021/22

In the interests of transparency, all schools and academies should publish, including on their website, up to date details of the structure of the governing body and any committees, together with the names of their governors and their particular roles and responsibilities within that structure. This information is required for each governor who has served at any point over the past 12 months. They should also publish relevant business and pecuniary interests. This information must be published in a readily accessible form which means that the information should be on a webpage without the need to download or open a separate document.

Schools and academies should also publish an annual statement setting out the key issues that have been faced and addressed by the governing body over the last year, including an assessment of the impact of the governing body on the school.
